

Statement of Collaboration: LOCF ECHO® Bone Health Collaborations with Advocates

The mission of LOC Foundation ECHO® is to raise awareness, develop capacity to safely and effectively treat chronic, common diseases in underdiagnosed and undertreated conditions, and to monitor outcomes. Our mission is to share knowledge to expand timely access to best-practice medical care across the UK and globally.

This is a non-contractual agreement outlining the roles and responsibilities between LOCF ECHO® and any advocate.

In the spirit of collaboration, LOCF ECHO Bone Health for advocates commits to the following programs and tools:

1. We will provide evidence based educational learning, through:
 - a. Use technology platform
 - b. Share knowledge about optimal health and bone health
 - c. Use case-based learning
 - d. Monitor outcomes

In the spirit of mutual responsibility, LOCF ECHO® Advocates are expected:

1. Become an active participant by joining, when possible, twice monthly sessions
2. Follow mission of LOCF ECHO® to raise awareness about optimal bone health
3. Protect patient confidentiality and privacy
4. Collaborate with LOCF ECHO® on research opportunities when possible

(Print Name) is committed to this collaboration and working with LOCF ECHO®
